GENERAL CONTRACTING COMPANY
مؤسسة الروافد المبتكرة للمقاولات العامة

RAWAFED INNOVATIVE PROFILE

Rawafed Innovative General Contracting a leading contracting company in Saudi Arabia, delivering high-quality construction and infrastructure solutions with a strong commitment to innovation, excellence, and sustainability.

FOUNDER'S MESSAGE

Rawafed Innovative Gen. Cont. Est. is committed to delivering high-quality solutions and exceptional services that ensure leadership and reliability across our projects.

We empower our engineering teams with advanced technologies and modern equipment while upholding safety standards, environmental responsibility, and national regulations.

We provide integrated services including OSP & Civil Works, Cable & Electrical Works, Civil Maintenance, Security & Surveillance Systems, Backup Power, HVAC, Fire & Gas Detection Systems, and Installations & Integration, in addition to heavy equipment services and IT infrastructure supply such as structured cabling, networking equipment, and data solutions. Our projects are executed by experienced professionals, supported by a skilled manpower force that ensures operational continuity, minimizes downtime, and delivers efficient, on-time results for our clients.

CHAIRMAN OF THE BOARD

COMPANY OVERVIEW

Rawafed Innovative General Contracting Company is a leading contracting company in the Kingdom of Saudi Arabia, delivering high-quality construction and infrastructure solutions. The company also provides IT infrastructure supplies and heavy equipment rental services, offering integrated support for projects across multiple sectors with a strong commitment to quality, innovation, and sustainability.

VISION

To be the leading general contracting company in Saudi Arabia, recognized for innovation, quality workmanship, integrated IT infrastructure solutions, and dependable equipment services.

MISSION

To deliver exceptional contracting services using the latest technologies and best practices, while providing construction, IT infrastructure supplies, and equipment rental solutions that ensure timely and cost-effective project completion.

CORE VALUES

01

Innovation
Adopting advanced construction methods and modern IT solutions.

02

Integrity
Operating with honesty, transparency, and ethical standards.

03

Excellence
Delivering high-quality work, reliable services, and attention to detail.

04

Sustainability
Committing to environmentally responsible and sustainable practices.

At Rawafed, quality is our priority. We follow strict quality standards to ensure every project, supply, and rental service meets the highest levels of excellence.

Our Services

01

General Contracting : Comprehensive construction services from project inception to completion, including residential, commercial and industrial projects.

02

Project Management : Specialized project management services to ensure effective planning, execution and delivery of projects.

03

Design and Build : Integrated design and construction services, providing seamless project delivery and cost savings.

04

Renovation and Restoration : High-quality renovation and restoration services to enhance the functionality and aesthetics of existing structures

05

Heavy Equipment Rental : Providing a wide range of heavy equipment rental solutions to support construction, infrastructure, and industrial projects with efficiency and reliability.

06

IT Infrastructure Supply : Supplying comprehensive IT infrastructure requirements, including network cables, routers, switches, and related equipment to support reliable and scalable technology systems.

Our Strategy

Our strategy is centered on providing fully integrated manpower, material supply, and godown solutions that support projects from planning to execution. We focus on operational efficiency by ensuring rapid manpower mobilization, sourcing high-quality construction materials, and operating secure, well-organized warehouse facilities that guarantee safe storage and timely site delivery.

We strengthen our competitive position through continuous improvement, skilled workforce development, and strategic partnerships with trusted suppliers. By adopting efficient processes, strong compliance standards, and a client focused approach, we align our strategy with the Kingdom's development goals to achieve sustainable growth and deliver consistent value across every project we undertake.

Manpower Supply Services

Skilled Manpower

- Pipe Fitters
- Electricians
- Plumbers
- HVAC Technicians
- Scaffolders
- Steel Fixers
- Carpenters (Shuttering & Finishing)

Unskilled Manpower

- Drivers
- Store Keepers
- Helpers
- Assistant Technicians

Semi-Skilled Manpower

- General Labor
- Site Helpers
- Cleaning Workers

Material Supply Services

Construction Materials

- Cement, Sand, Aggregate
- GI / MS Pipes
- Plywood & Timber
- Fasteners & Hardware Items
- Plywood & Timber
- Steel Bars & Structural Steel

Safety & Site Materials

- PPE (Helmets, Safety Shoes, Gloves)
- Fire Fighting Equipment
- Safety Signs & Barricades

Godown / Warehouse Facility

We provide fully owned and well-equipped warehouse facilities dedicated to storing construction and MEP materials with high security and organization. Our professional inventory management system ensures easy loading, unloading, and fast material dispatch to project sites. This service minimizes project delays by guaranteeing material availability and on-time delivery for seamless project execution.

Skilled Manpower

- Own Godown / Warehouse Facility Available
- Dedicated storage for construction & MEP materials
- Secure and well-managed inventory system
- Easy loading & unloading facilities
- Faster dispatch and on-time delivery to project sites
- Reduces project delays by ensuring material availability

Equipment & Tools Supply

We supply a wide range of high-quality equipment and tools to support construction and site operations efficiently. Our offering includes welding machines, power tools, scaffolding, ladders, air compressors, and generators. All equipment is reliable, well-maintained, and designed to enhance productivity, safety, and on-site performance.

- Welding Machines
- Power Tools
- Scaffolding & Ladders
- Air Compressors
- Generators

Support And Compliance

We provide certified and skilled manpower with valid Iqamas and medical checks to ensure full compliance with safety standards. Comprehensive supervisory support, including supervisors and foremen, ensures efficient on-site management. We offer site mobilization and demobilization services while fully adhering to Saudi labor regulations.

- Trade Test Certified Manpower
- Valid Iqama & Medical
- Supervisor / Foreman Support
- Site Mobilization & Demobilization
- Compliance with Saudi Labour Regulations

Industries We Serve

We serve a wide range of industries, including construction and contracting companies, infrastructure projects, and industrial plants. Our services cover the oil and gas sector, as well as commercial and residential projects, delivering comprehensive, high-quality solutions. We ensure each client's needs are met efficiently and flexibly, with full adherence to timelines, safety standards, and quality requirements.

- Construction & Contracting Companies
- Infrastructure Projects
- Industrial Plants & Factories
- Oil & Gas Sector
- Commercial & Residential Projects

IT Solutions

The company delivers end to end IT infrastructure solutions tailored to meet the demands of modern construction and development projects across Saudi Arabia. We specialize in the design, supply, installation, and commissioning of advanced network and communication systems. Our services ensure high performance, scalability, and secure connectivity for government, commercial, industrial, and residential developments. By utilizing certified materials and industry-leading technologies, we support seamless digital operations and long-term system reliability.

Scope of Services & Supplies:

- Supply and installation of network cabling (Copper & Fiber Optic)
- Structured Cabling Systems
- Data Centers & Server Room Setup
- Routers and Switches Supply & Configuration
- LAN & WAN Network Solutions
- Wi-Fi Systems (Indoor & Outdoor)
- Cable Management & Network Racks
- Network Testing, Certification & Commissioning

Project Execution And Planing

Rawafed is committed to excellence in project execution, ensuring that every project, once awarded to the company, is handled with the highest level of professionalism and efficiency. Our internal processes are meticulously organized to facilitate seamless execution, monitoring, and control throughout the project lifecycle. Our approach encompasses a comprehensive suite of services, including

Management

Our experienced management team provides strategic oversight, ensuring that projects are aligned with client goals and executed within budget and on schedule.

Planing

We use advanced planning to manage all project phases, from concept to completion, with coordinated activities and efficient resource allocation.

Engineering

Our skilled engineers bring technical expertise and innovative solutions to every project, ensuring that all engineering aspects meet the highest standards of quality and safety.

Procurement

We manage the procurement process with precision, sourcing the best materials and services at competitive prices, and ensuring timely delivery to meet project timelines.

Our Operational Excellence

01

Quality Control

Rawafed is dedicated to maintaining the highest standards of quality in every project. Our quality control team conducts rigorous inspections and testing to ensure that all work meets or exceeds industry standards

01

Health, Safety, and Environment (HSE)

Safety is our top priority. We implement stringent HSE protocols to protect our workforce, stake-holders, and the environment, ensuring that all projects are executed in a safe and sustainable manner

01

Construction

Our construction team is equipped with Civil & Mechanical Category Employees. Their skills and resources are necessary to bring the project to life, ensuring that all construction activities are carried out efficiently and to the highest standards

Human Resources Management

Rawafed Innovative Gen. Cont. Est. provide highly skilled engineers, technicians, skilled and unskilled labors for construction & maintenance work in various projects of civil, mechanical, electrical & instrumentation. Our technical support service division thoroughly screens the candidates before presenting to the client to save their valuable time. We depute skilled and experience employees to avoid unnecessary delay in executing the project.
